

**THE PET HOTEL**  
OF WOODSTOCK

## **Doggie PlayCare Information**

### **What is Doggie PlayCare at The Pet Hotel?**

Our mission is to provide your dog with a safe and healthy play environment to enrich their spirit and increase their social skills, offer an off-leash area to exercise their body and give hours of play to stimulate their mind. Supervised by caring patient care technicians, our PlayCare offers educational alternative to being left home alone, with exercise, socialization and opportunities to learn new skills, while interacting with other dogs.

### **What is the value of Playcare at The Pet Hotel for your dogs?**

- Off-leash play
- Lots of exercise
- Burning off energy (for a calmer, mellower dog)
- Socialization: Interacting with a variety of dogs of different sizes, breeds, personalities, drives, ages, situations, environments, and circumstances
- Development of canine and human relationships over time and maturity from long-term repeated visits
- Mind stimulation
- Safe and healthy environment
- Manners with dogs and humans
- Development and management of impulse control
- Skills acquisition in many different environments
- Enhancement of relationship with your dog due to physical and mental needs being met playing with doggie friends in other environments

### **Drop in and Play, Anytime**

At The Pet Hotel we provide the best environment for your dog to socialize and feel safe. Our playful environment is a result of dogs getting to know each other during repeated visits. This occurs by reducing the stress of meeting new and unfamiliar dogs every day, no different from the increased comfort level you feel once you become more familiar with new friends.
